DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 33-51, drawn to a composite forming method.

Group II, claim(s) 52-62, drawn to a composite forming apparatus.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the common technical feature in both groups is laying down fibers some of which are obliquely applied, and intermixing between the fiber layers a thermoplastic material. This element cannot be seen as a special technical feature under PCT Rule 13.2 because the element is shown in the prior art. U.S. Patent 5,445,693 (column 3, lines 41-68) in view of U.S. Patent 4,414,266 (Abstract) teaches laying down fibers some of which are obliquely applied, and intermixing between the fiber layers a thermoplastic material as claimed in claims 33 and 52.
3. A telephone call was made to Gregory LaPointe on 2/3/2009 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
